

About the Institution

Mother Teresa College of Engineering and Technology (MTCET) is one of the primary institutions under the Mother Teresa Group of Institutions, established in 2009 by philanthropist Shri Dr. R.Chinnathambi, Founder and Executed by Honourable Chairman, Thiru. R.C. Uthayakumar. It is located in Illuppur, along the highway connecting Pudukkottai and Viralmalai, approximately 25 kilometres from Pudukkottai. Once known for its dry landscapes, Illuppur has been transformed into a hub of evergreen education through the dedicated efforts of the Trust. The college boasts a calm and pollution-free environment, an ideal setting that supports focused learning and academic excellence. This peaceful atmosphere enhances the students' ability to concentrate on their studies and thrive both intellectually and personally.

About the Conference

Conference on Advances and Innovations in General Science, Engineering, and Computing is an academic / professional gathering focussed on bringing together academic researchers, well experienced engineers, knowledgeable practitioners, students, and industry stakeholders. Its goal is to investigate and share the latest developments, innovative ideas, experimental results, theoretical advances, and applications across a broad set of scientific, engineering, and computing fields.

About the Research & Development

Research and Development (R&D) is a valuable centre to promote the Research activities of Mother Teresa College of Engineering and Technology. It aims to motivate the faculties and the students to concentrate the research activities such as Research publications, Research Projects and consultancy works in the Institute. To enhance our economic growth of the nation, Research scholars, Engineers and the faculties contribute their innovative ideas for the centre of research. The institution provides the ideas of the research to the faculties and post graduate students to carry out their research with the satisfactory.
